Claims 55-59 are currently pending in the application. Claims 55-59 are amended herein to specify that the tissue matrix recited in the claims may be synthetic, as well as decellularized. This amendment corresponds in scope to previously-pending claim 25, drawn to a method of making a tissue matrix wherein the tissue matrix is artificial, and claim 41, drawn to a tissue matrix made by the method of claim 25. Thus, the amendment should not necessitate an additional search of the art. Applicant respectfully requests entry of the present amendment and remarks.
